

Sampling pipes and accessories for aspirating systems

Pipes and accessories for Stratos aspirating systems

TUBOABS0250M – Red ABS pipe, 25mm diameter, 3m length. Standard EN 61386-1 certification, 1131 classification, according to EN54-20.

SAEY500250RS – 45° bend in red ABS. Standard EN 61386-1 certification, 1131 classification, according to EN54-20.

SABE300250RS – 90° bend in red ABS. Standard EN 61386-1 certification, 1131 classification, according to EN54-20.

SASO100250RS – Coupling sleeve in red ABS. Standard EN 61386-1 certification, 1131 classification, according to EN54-20.

SATE400250RS – “T” coupling in red ABS. Standard EN 61386-1 certification, 1131 classification, according to EN54-20.

SAUN800250RS – Coupling sleeve with pipe inspection gasket in red ABS. Standard EN 61386-1 certification.

SACA700250RS – Pipe end cap in red ABS. Standard EN 61386-1 certification, 1131 classification, according to EN54-20.

CAPKIT2510SR – Capillary kit (unassembled), consisting of “T” coupling in RED ABS, white wall bushing Ø 3/8”G x 28 L = 35 mm, ring nut Ø 3/8”G. Requires 10mm diameter PE pipe.

MPE1008025M-R – PE capillary pipe diameter 10mm, 100mm diameter, 25mt roll.

STS25REDK – Pipe support in red ABS (50 pieces).

LABEL23X10 – Roll of Sampling hole labels (200 pieces).

WT025 – Condensation trap.

17250019050 – Flexible transparent spiral pipe, 10m roll (Requires SASO100250RS).

AAD12025CRS – Adapter treated M/F 3/4” to 25mm to adapt 504F075ABS filter to 25mm pipes.

504F075ABS – Filter holder complete with fittings for 25 mm pipe AAD12025CRS and 50 µ cartridge 4084ABS.

2510025 – 3-way valves diameter 25mm.

SGLUEN0250 – Adhesive, 250 ml pack.

ASO15025CRS – Adapter for pipes from 3/4” to 25mmD.

GC025 – Telescopic JOINT in red ABS.

MS025 – Sliding sleeve in ABS DN25.

TP025C – Test Point in ABS Ø25mm.

4134ABS – 5” filter cartridge - 25 µm.

4136ABS – 5” filter cartridge - 10 µm.

4084ABS – 5" filter cartridge - ABS 50 um.
